

## Corro-Shield Multi-Purpose Epoxy

1. **Corro Multi-Purpose Epoxy** (Ref. No. 850) (Regular and Fast Set versions available)

### Related Formulas:

**Corro Multi-Purpose Cote** (Ref. No. 851)

### Description:

Corro-Shield's Multi-Purpose Epoxy is designed as a utilitarian product for experienced applicators that want a cost effective building block product that can serve as; a coating, a trowel / slurry, a self-leveling system, a top coat or a cove.

It is a 100% solids system that has the same highly resinous design formulation as other Corro-Shield products providing unique performance characteristics. They include: high elasticity and elongation making it crack resistant; a robust 10 mil profile, allowing for a range of aggregate options; serving as a natural inhibitor to mold, mildew, fungi and bacteria; and, good chemical resistance.

Note that the Corro-Shield's Multi-Purpose Epoxy conforms to the ASTM C-884 test - (Thermal compatibility with concrete) making it excellent for environments requiring regular steam cleaning and wash downs.

For product formulas with specific performance criteria not found in the above listed products, please contact; Sales / Technical Support at 1-800-298-7637 ext. 102 or [tech.sales@corroshield.com](mailto:tech.sales@corroshield.com).

**Ref. No. 850:** 100% solids, 2 part epoxy. Designed as a utility system for contractor / applicators who wish to design their own systems. See Description.

**Ref. No. 851:** Pigmented version of Ref. No. 850.
